Additional Status Update

LHA has received HUD funding for 1,565 baseline units.

As of August 1, 2015, there are 1,516 households included in the program, of which 90% are categorized extremely low income. The average gross annual income is \$9,594, with all being disabled clients. Additionally, 31% of the households assisted are female heads of household with children. Of the entire 1,516 households assisted, 78% are Black/African American and 48% are zero-bedroom or one-bedroom units.

Furthermore, 1,627 units are currently under Housing Assistance Payment (HAP) contracts. These units are broken down as follows: 84 (5%) studio units, 701 (43%) one-bedroom units, 471 (29%) two-bedroom units, 5 two-bedroom waiver units (two-bedroom units that are leased to households that require one-bedroom units and rent within the one-bedroom payment standard), 270 (17%) three-bedroom units, 96 (6%) four-bedroom units, and 1 five-bedroom or larger units. There are an additional 30 units under an Agreement to enter into a Housing Assistance Payment Contract.

New units for the program will be brought on, in part, through the award of 28 vouchers to three projects from the Louisiana Housing Corporation's 2015 Spring Notice of Funding Availability (NOFA) that included 4% Low Income Housing Tax Credits, HOME and disaster CDBG funds and the award of 39 vouchers to ten projects from the 2015 Qualified Allocation Plan that provided favorable treatment for proposals containing program units. More units will be identified through the 2016 Qualified Allocation Plan and Fall HOME NOFA that will again provide favorable treatment to proposals containing program units. Additionally, there is an open owner solicitation for existing units and units that will come on line in the next twelve months that will remain open until LHA reaches a baseline of 2,000 units. Vouchers will be allocated based on waiting list demand within the Gulf Opportunity Zone as opposed to the regional allocation noted in the 2014-2018 5-Year Plan. There are approximately 2,427 households on waiting lists.
